## **Forest Acres Temporarily Suspends Regulations Prohibiting Banners**

**Forest Acres, SC** – Forest Acres City Council has authorized the suspension of all regulations prohibiting the placement and display of commercial banners on private property. Starting March 19, 2020, businesses will be permitted to install a banner on their property to advertise their current services. City Council believes the information conveyed is vital for communication and advances the public good during this health crisis.

Mayor Frank Brunson stated, “We hope this change will allow our citizens to better understand what services are available through our commercial businesses and encourage them to support the local economy. The community must come together to ensure small businesses make it through this ordeal.”
